

PROTECT YOUR FACILITY WITH FOUR PILLARS OF UVC DISINFECTION.

KEEP PATIENTS AND STAFF SAFE WITH THE ONLY FULL COVERAGE SOLUTION FROM AMERICAN ULTRAVIOLET.

Since 1960 American Ultraviolet has provided Infection Preventionists like you with safe and effective UVC disinfection solutions that help lower the risk of infections throughout your entire facility. All our products are designed and manufactured with pride in the U.S.A. Please learn more about ways to disinfect air and surfaces at auvhealthcare.com.

PILLAR ONE

Mobile Room

The ARTZ 2.0® targets zero infections, and is the ideal final step during terminal cleaning of patient rooms, surgical suites, and other areas of your facility.

PILLAR TWO

Upper Air

Placed in occupied spaces (waiting rooms, exam rooms, patient rooms, etc.), these fixtures provide continuous UVC disinfection.

PILLAR THREE

Operating Room

Entire room disinfection with permanently mounted UVC fixtures before, during, and after procedures; improves patient outcomes, and enhances terminal cleaning.

PILLAR FOUR

HVAC

Disinfect air and surfaces in your HVAC system to help protect personnel from unwanted airborne bacteria, viruses, and fungi.

American Ultraviolet®

Insightful Solutions. Remarkable Results. SINCE 1960.
